COVID-19 ImmuTrak™ Urine

RAPID COVID-19 URINE ANTIBODY TEST

SPECIFICITY: 100%
SENSITIVITY: 97.7%
APP READS TEST RESULTS - OPTIONAL
EASY TO USE
FOR ADULTS & CHILDREN

Uses

- Vaccine Efficacy and Protection Longevity
- Back-to-work and back-to-school safety programs
- Population immunity tracking

This rapid wellness test allows individuals to know if they currently have antibodies to COVID-19.

World Fight COVID Strategy

- Step 1: Detect the people who are immune.**
- Step 2: Digital application creates vaccination and immunity record on patient (WFC Digital Pass) and transmits the results to the health authorities.**
- Step 3: Vaccination dates and program directly link to the COVID-19 vaccine manufacturers and follow the population on their immunity.**
